Safety Precautions

The precautions written here are to prevent harm or damage to you or others.
All of these are important contents for safe use, so be sure to observe them.

WARNING	Ignoring this instruction and using the product incorrectly may result in serious injury.	**ATTENTION**	Ignoring this instruction and using the product incorrectly may result in injury or property damage.

WARNING

CAUSE OF SUFFOCATION
Do not cover your head with the plastic bag used for packaging.

CAUSE OF EXPLOSION
Do not disassemble or lubricate the gas cylinder.
Do not put the gas cylinder into fire.
Do not incinerate.

CAUSE OF FALL
Do not stand on the chair, use it as a stepping stone, or place it in an unstable position.
Do not sit on the armrests or lean on the backrest, or sit on only part of the seat.
Do not use the chair on slippery floors.

CAUSE OF POISONING
Incineration may produce toxic gases.

ATTENTION

CAUSE OF INJURY OR DAMAGE
Be sure to assemble on a stable, flat surface.
Be careful not to get your hands or fingers caught in the casters or reclining parts.
When turning the chair, pay attention to your surroundings
Do not use it for anything other than its intended purpose.

CAUSE OF DISCOLORATION AND DEFORMATION
This product is for indoor or indoor use.
Outdoor use or getting wet may cause malfunction, rust or discoloration.
Avoid using the product in a place exposed to direct sunlight or heat such as a stove, or in a place with significant humidity or dryness.
※In addition to the above, please be sure to avoid other dangerous behaviors.

Care of Upholstery:

Gently scrub the surface with a soft brush, or use a vacuum cleaner to remove dust from seams and crevices.
If it gets dirty, just dab it with a soft cloth dampened with a small amount of diluted neutral detergent. Then, wipe off the cleaner with a towel dampened with a little water.

Care of Metal and Resin Parts:

Wipe with a soft dry cloth. If it gets dirty, wipe it with a diluted neutral detergent, then wipe it with a wrung cloth, and then wipe it with a dry cloth to completely remove the detergent and water.

After-sale Policy

Point of Assembly

How to tighten screws

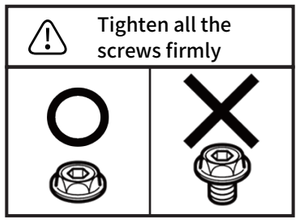

Do not tighten the screws from the beginning

● Tighten all the screws only in halfway at the beginning of the assembly, otherwise the screws might not be aligned with the screw holes and cause further distortion of the chair.

1 Temporarily tighten all screws to 80%

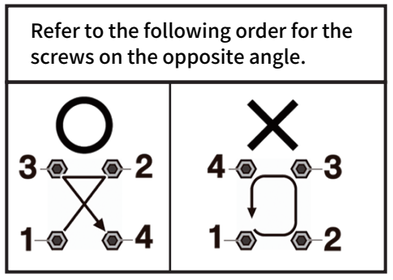

2 Finally, tighten all the screws firmly.

How to tighten the diagonal screws

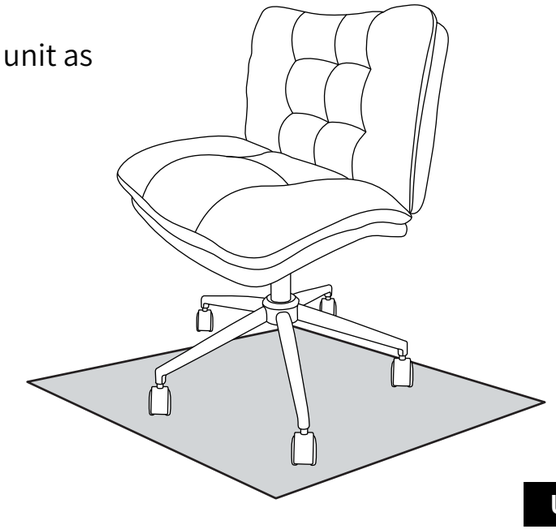

① Install the first screw into any hole and then install the second screw diagonally.
② Install the remaining screws.

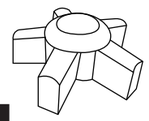

Please lay the carpet

To protect the floor, place a rug under the unit as shown in the illustration.

・Thick cloth
・Packing cardboard, etc.
